Term 2, Week 4 20th - 24th May 2024

Dear Parents, Caregivers & Friends,

It's amazing how we can be hoping for a good amount of rain for so long, and then within a few days, all we want to do is see the sun again. It's great that water levels for pastures, trees and water tanks have all been replenished. Here's hoping that we just get moderate amounts of rain for the rest of winter.

Winter sports are now in full swing. Our Under 8 Rugby Team was very disappointed to strike a bye on their first week, but had a fun first game on Saturday to get their season underway. Unfortunately, our senior netball team has been graded incorrectly, even though they were ranked 2nd in the whole of CHB after grading games, they were placed in Division 2. We expect that they must be moved soon after their first two wins being by 24 points and 49 points! A huge thank you to all parents who are helping in whatever way they can, whether it be with coaching, transport etc.

Keep the good gymnastics training going everyone. Thank you to Sheree McCutcheon who is helping train the seniors.

What a sight it is to see builders and other tradesmen turn up on site to start the science hub. If all goes to plan, we're looking at approximately 12 weeks.

We're starting a technology project in Rooms 2-4 that involves quite a lot of cutting out using a jigsaw. If you have a jigsaw and an hour to spare next week, please let me know.

It's great to see that a number of students have signed up for Jumping June. Again, this is for a great cause as it supports the Heart Foundation. Simply go to www.jumpingjune.co.nz.

CHB Teacher Only Day is next Friday. Staff are looking forward to hearing a number of guest speakers and learning more about the latest curriculum developments.

Have a great weekend everyone, looks like the sun will be back out!

Regards,
Hamish.

This amazing pottery was made during Options. Many thanks to Bidy and Vic.

8.30am on a cold morning in Room 4.

Lunch time fun. The only clean people have just been hosed down!
